

My name is Monika. I have been working with flavours and fragrances for 15 years in connection with my original profession, as a tea blend master, or as many call it, tea perfumer. This is how my passion for fine fragrance creation was born. Have worked in Middle - and Southeast Asia for several years, where I got access to the most amazing aromatic ingredients on earth. Flowers, fruits, herbs and woods, wonderfully scented by nature.

Coppelia

40,6 % perfume oil concentration

Fragrance Journey

*plum, patchouli, saffron,
benzoin, agarwood Ceylonarwood Ce*

e 50ml
